

Established in 1947, Bognor Regis Camera Club brings together people with a common interest in photography.

We enjoy a varied and stimulating programme of guest speakers, competitions, creative practical sessions and workshops. There is also a programme of social events throughout the whole year. Our members, of broad age range and ability, are always willing to give help and guidance.

If you like the idea of a friendly club with photography at its heart and wish to join a club to further your interest in all things photographic, then Bognor Regis Camera Club can certainly meet your needs.
